

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a sinister plan that is antithetical to the public trust they are legally required to serve.

Sinclair's actions show why we need to diligently protect media ownership rules, not weaken them or allow them to be abused. They show why the license renewal process needs to involve more than a returned postcard.

Please do not allow the corporate and personal agenda of Sinclair's management to weaken our democracy and further erode faith in the fourth estate. You have the power to do what is right. Thank you.
